

NEW IN TEAMO

Player sponsorship in Teamo

Clubs can now sell player sponsorships to local businesses in Teamo. This guide walks through it in three parts, with a screenshot for each step.

PART 1 The club sets up player sponsorship

A five-step set-up, then share the links.

PART 2 A local business sponsors a player

From the link to the receipt.

PART 3 The club approves, and the sponsor goes live

In the app and on the website.

Screenshots are from our test club, Ring Pass Delft. The app and the shop take on each club's own colours, so yours will look different.

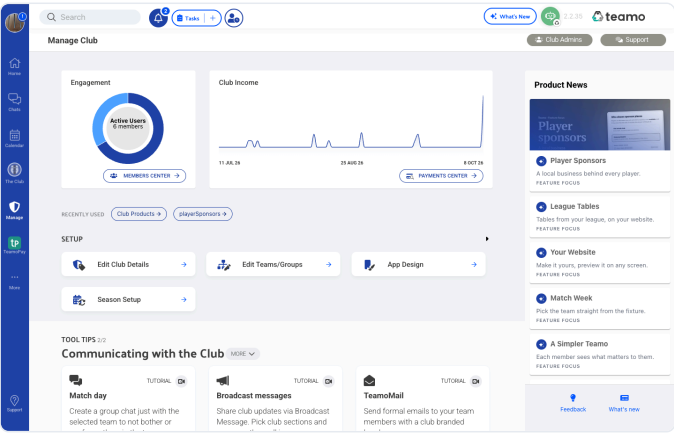

PART 1

The club sets up player sponsorship

Who: a club admin, in Teamo on a computer.

01 Manage Club

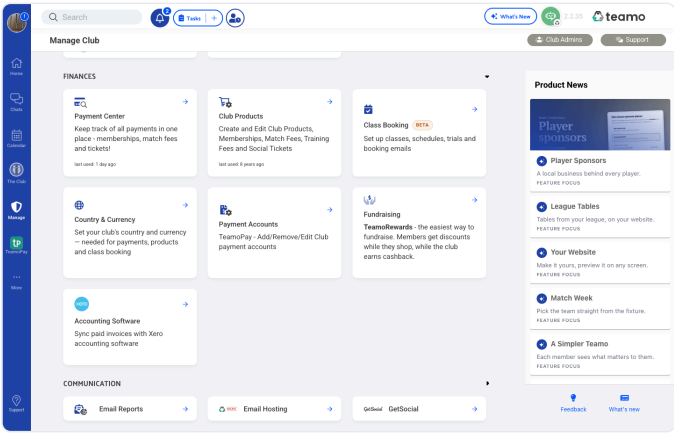

Open **Manage** in the left-hand bar.

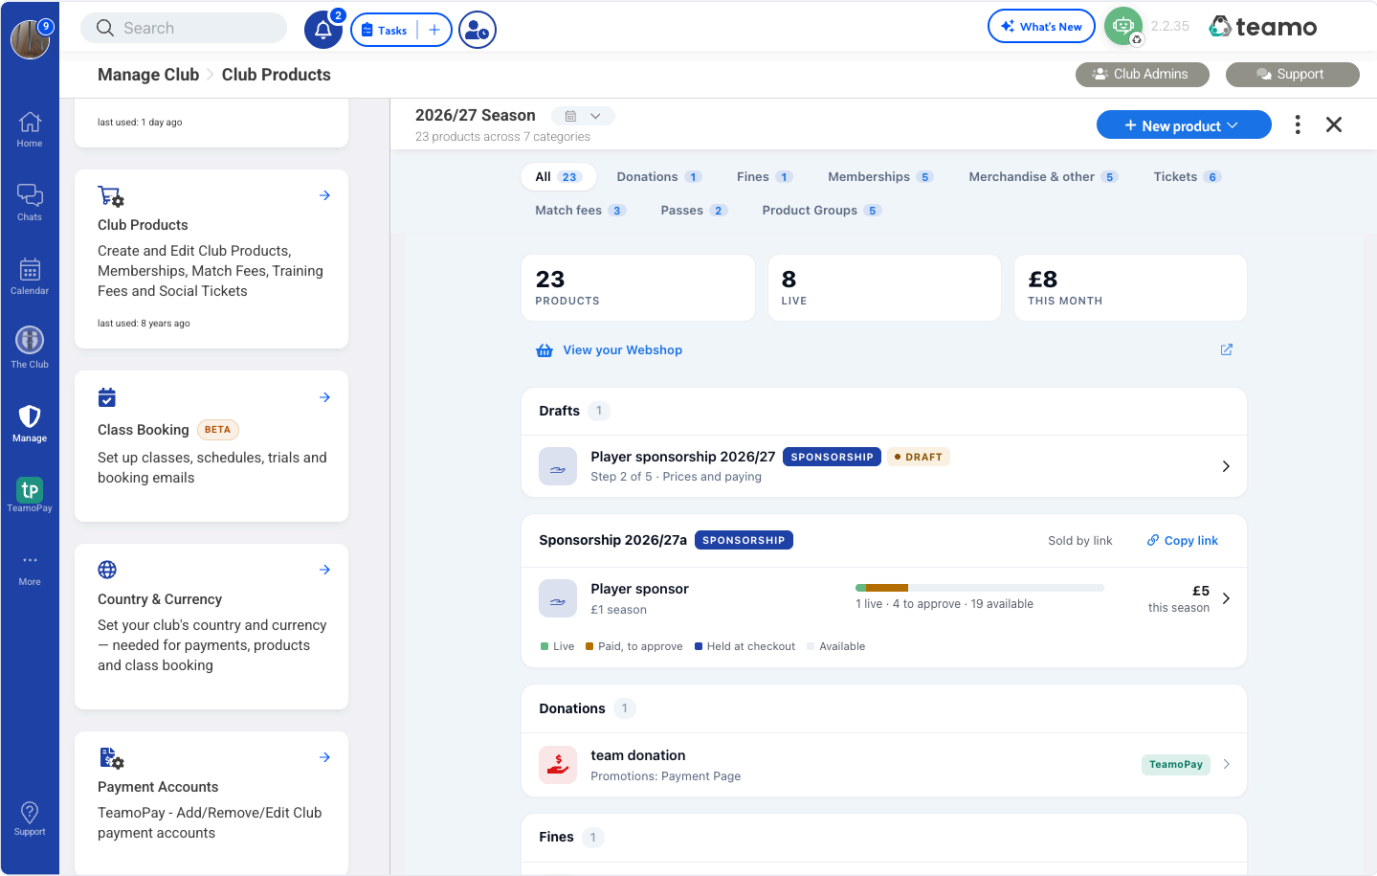

Everything for running the club is here. Club Products is where sponsorship lives.

02 Club Products

Scroll to **Finances** and open **Club Products**.

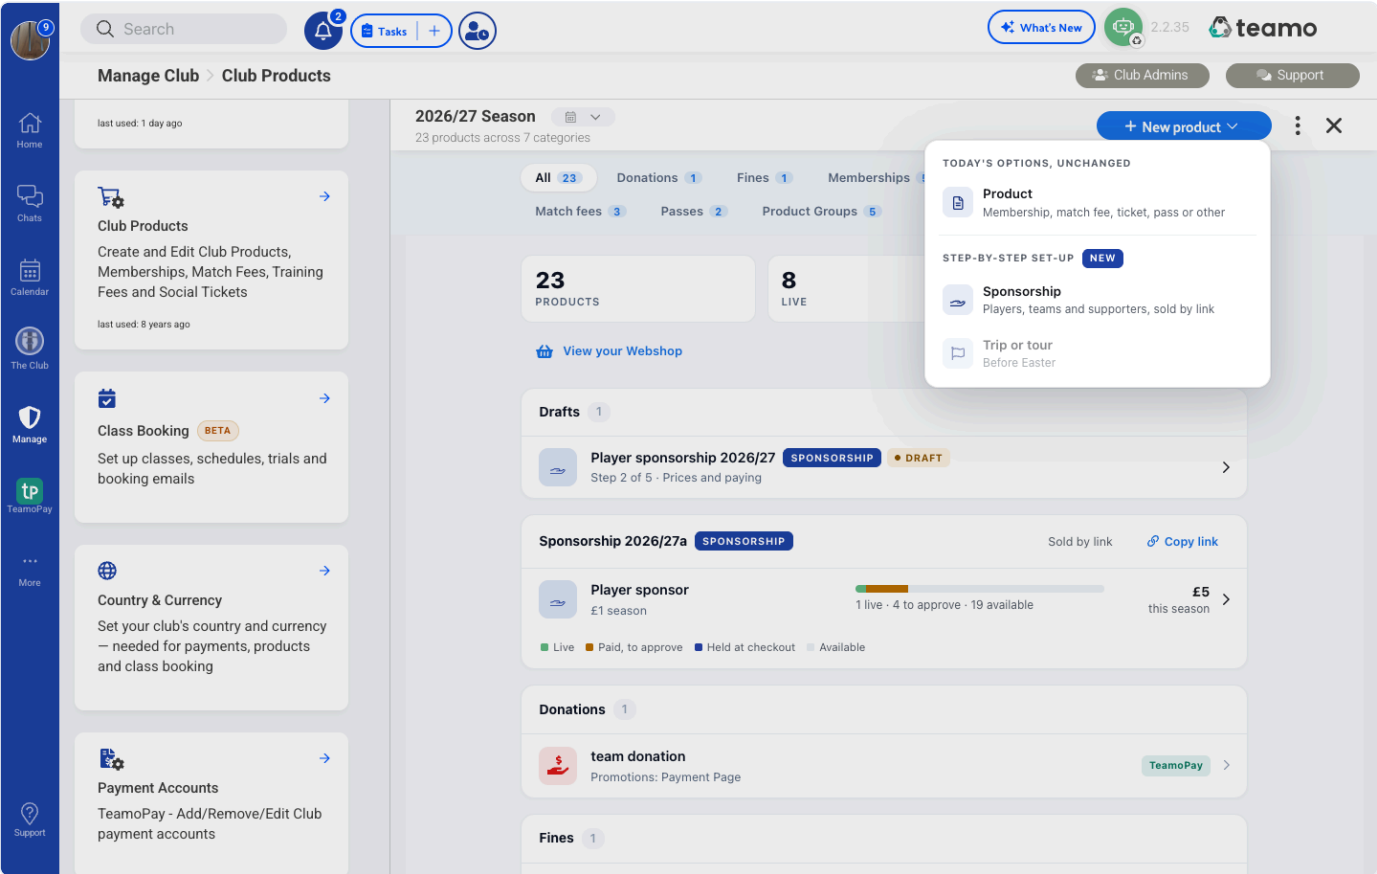

03 Your products

Every product for the season is listed here. A sponsorship shows its places at a glance: **Live**, **Paid**, **to approve**, **Held at checkout**, **Available**.

04 New product → Sponsorship

Click **+ New product**, then **Sponsorship**: "Players, teams and supporters, sold by link".

Sponsorship is a step-by-step set-up. It takes about two minutes.

05 Step 1: What can people sponsor?

Tick **A player**.

10 Sponsorship is on: share a link

The screenshot shows the Teamo web interface. On the left is a sidebar with navigation icons for Home, Chats, Calendar, The Club, Manage, TeamoPay, and Support. The main area is titled 'Manage Club > Club Products'. A modal window titled 'Sponsorship 2026/27a' is open, indicating that sponsorship is turned 'ON'. The modal contains the following text and options:

Sponsorship is on
Share a link to start. Nothing goes public until someone pays and you approve it.

- One team**
Pick a team, then copy. Good for team WhatsApp groups. [Choose team](#)
- One player**
From any row in Sponsors > Players [Open Sponsors](#)

Links stop working if you turn sponsorship off [Done](#)

The background interface shows the 'Sponsorship 2026/27a' settings page with tabs for 'Open Sponsors', 'Copy link', and 'More links'. It also displays a 'THIS SEASON' summary table:

THIS SEASON	
Paid so far	£5
Coming in each month	£0

Below the table, there is a toggle for 'Selling' which is currently turned on. The page also mentions 'Turning sponsorship off stops new sales and links. Paid sponsors stay live until they end.'

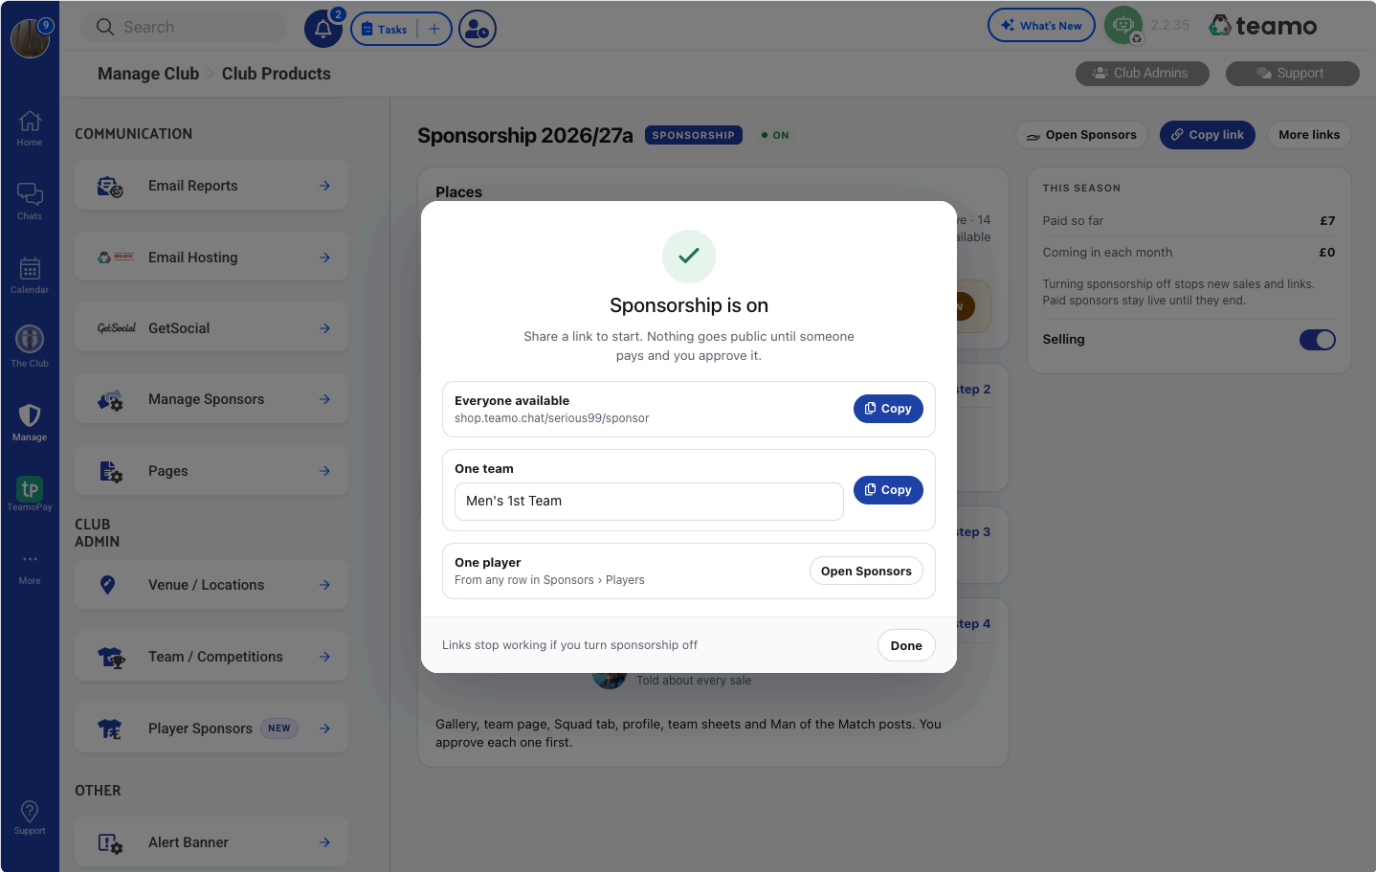

Three kinds of link:

- **Everyone available**, for your newsletter or social media;
- **One team**, for a team's WhatsApp group;
- **One player**, for a business you've already spoken to.

Nothing goes public until someone pays and you approve.
